

## PECB ISO 9001 Foundation

Accredited by ANAB

Become acquainted with the best practices of quality management systems based on ISO 9001

### Why should you attend?

ISO 9001 Foundations is a two-day training courses which focuses on the concepts of quality and quality management, and provides an overall explanation of ISO 9001 requirements for a quality management system (QMS). In this training course, you will be acquainted with the various aspects of a QMS based on ISO 9001, such as the role of top management, risks and opportunities, quality policy, processes that shape product and service provision activities, requirements for performance evaluation, and the importance of continual improvement.

After completing this course, you can sit for the exam. If you successfully pass the exam, you can apply for the “Certificate Holder in ISO 9001 Foundation” designation. This certificate demonstrates that you have a general knowledge of ISO 9001 requirements for a QMS and enables you to be part of QMS implementation projects.

#### Who should attend?

The ISO 9001 Foundations training course is intended for:

- Managers and consultants seeking knowledge about the basic concepts of quality management
- Professionals wishing to get acquainted with ISO 9001 requirements for a QMS
- Personnel responsible for maintaining and improving the quality of products and services of their organization
- Individuals wishing to pursue a career in quality management

#### Learning objectives

Upon successful completion of this training course, the participants will be able to:

- Describe the quality management concepts, principles, and definitions
- Explain the main ISO 9001 requirements for a quality management system
- Identify potential actions and approaches that organizations can use to achieve conformity to ISO 9001

#### Course agenda

DURATION: 2 DAYS

- **Day 1:** Introduction to quality concepts, QMS, and clauses 4–6 of ISO 9001
- **Day 2:** Clauses 7–10 of ISO 9001 and certificate exam

#### Prerequisites

- There are no prerequisites to participate in this training course.

#### Examination

DURATION: 1 HOUR

The exam fully meets the requirements of the PECB Examination and Certification Program (ECP). It covers the following competency domains:

- **Domain 1:** Fundamental concepts and principles of quality management and a QMS based on ISO 9001
- **Domain 2:** ISO 9001 requirements for a quality management system –Clauses 4 to 10

For specific information about exam type, languages available, and other details, please visit the [List of PECB Exams](#) and the [Examination Rules and Policies](#).

#### Certificate requirements

First, a candidate needs to complete the PECB ISO 9001 Foundation training course. Then, they need to take the exam and after successfully passing the exam, candidates will be able to apply for the “PECB Certificate Holder in ISO 9001 Foundation” certificate. This is an entry-level credential.

There are no prerequisites on professional or management system project experience required. Thus, following the training course, passing the exam and applying for the certificate are the only certificate program requisites that certificate holders shall meet before obtaining the certificate.

For more information please refer to the [Certification Rules and Policies](#).
